DESCRIPTION

This book is the first in English to explore the essential role that Henri Matisse's personal collection of objects played in his studio practice. Featured frequently in the modern master's bold paintings, drawings, and cut-outs, and also influencing the development of his work in sculpture, Matisse's objects formed a secret history hiding in plain sight. Works that span the artist's entire career are presented here alongside the objects that inspired them, from Asian vases and African masks to intricate textiles from the Islamic world. With lush illustrations and archival images, *Matisse in the Studio* provides exceptional insights into the world of the artist at work. Written by Ellen McBreen and Helen Burnham.
